

BAMBOO ROLLUP

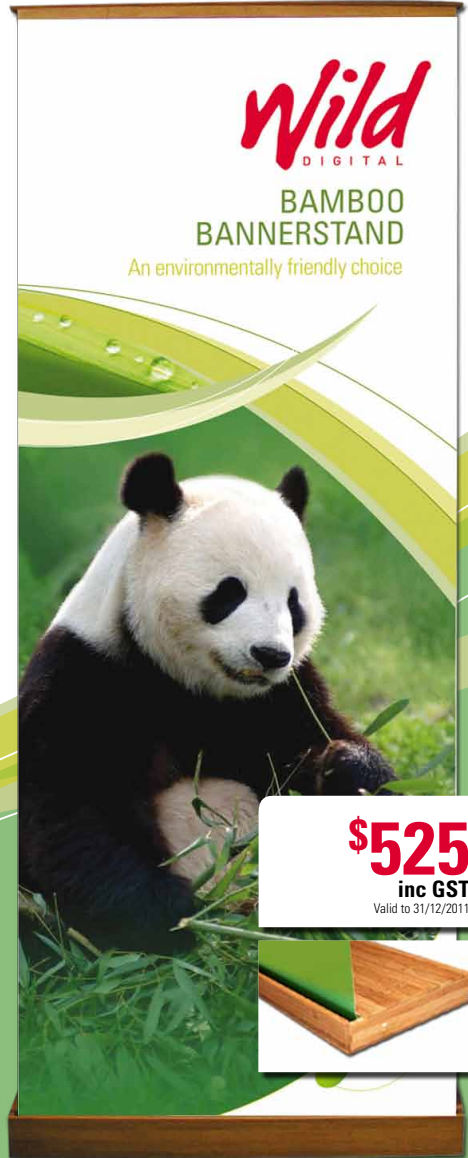

Ninety percent of the Bamboo Rollup is fabricated from renewable materials making it the environmentally friendly bannerstand choice. The base, pole and top rail are bamboo which is amazingly strong and is considered the most durable hardwood. This elegant stand is an earth friendly and attractive alternative for your presentation.

The precision retraction system makes it quick and easy to set up anywhere. Unwind the graphic stored in the base like a window shade, insert the pole in the back and you're ready to go. When your event is done, simply lower the graphic back into the base, slip it into the case with the poles, and off you go.

SPECIFICATIONS

- Stand: Bamboo.
- Graphic: UV resistant print on yupo.
- Sizes: 800mm wide x 2050mm high.
