

A-FRAMES

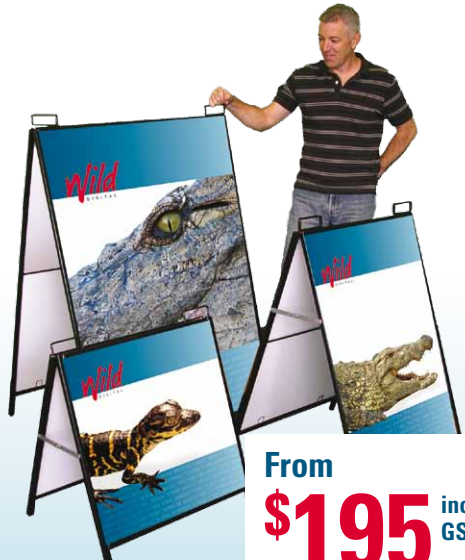

Valid to December 31, 2010

A robust frame, portable design and easily replaceable graphics are just some of the features of this hugely popular display solution.

Utilising our full colour, direct digital print process on both sides of the A-Frame ensures that not only do your graphics look outstanding, they are also extremely cost effective and weatherproof.

With three sizes available, there is sure to be an A-Frame to fit your requirements. Comes complete with carry handles and folds flat for easy storage.

For something different we also offer blackboard inserts.

A-FRAME

Setup Requirements

- The artwork must be supplied as an InDesign, Illustrator, or Photoshop file. High resolution pdf files are also acceptable.
- PDF files must be saved with bleed but WITHOUT crops.
- Bleed of 2mm at final print size is required.
- Scans must be at least 100dpi at final print size.
- All files must be CMYK colour.
- Files can be supplied via email or on CD-Rom or DVD.
- We have a full range of templates available on our website to make setup easy.

Note: The purchase of an A-Frame includes 2 direct digital prints for both sides of the A-Frame

You can choose whether you would like to get the same graphic printed twice, or whether you would like to provide us with 2 graphics following our specifications.
