

# The Aqua Stand

Just like a Jelly in the big blue sea, the Aqua Stand is designed to go with the flow even if the conditions are Wet, Wild and Squally. Designed specifically for outdoor use this banner stand features a water filled base to keep your graphics exactly where you left them. Made from roto-moulded plastics and fibreglass this is a sturdy outdoor display.

The vinyl banner attaches to the stand with eyelets allowing for convenient graphic change over.

The Aqua Stand is very portable – simply drain the water from the base, fold the framework down and pop it back into it's carry bag.

Prices available on request.
