11.12.2008

For the past 10 months we have been competing in the 'F1 in Schools Competition' and most recently at the National Finals held in the ACT on the 24th-26th November. Over the course of the event we had many successes and triumphs which we would not have achieved without your support. Terminal Velocity were awarded the 'Best Marketing' award at the State Final, and Elite Racing Team were awarded a 'Wild Card' entry into the National Final.

Elite Racing Team did very well with all aspects of the project from our awesome display to our folio and race car. During the three weeks before the event we developed our car (which at the State Finals was second to last) beyond what a lot of people could have imagined. We, along with several other teams broke the previous world record with a time of 1.013. Overall in the racing our car was the fifth fastest car in Australia.

On the evening of the Wednesday the presentation for the event was held in the Great Hall at Parliament House. We had a fantastic opportunity to present our work and our school to various politicians and guests. Many of these were stunned by the level of work achieved by all of the teams as they had never seen anything like the 'F1 in schools' program.

Our biggest success of the event was being awarded the 'Best Engineering Design'. This award is one of the more coveted prizes as the focus of the competition is engineering.

I would like to thank you for all of your support throughout the project, as what we achieved would not have been possible without you.

Please find attached a Certificate of appreciation, and a Photograph of our team and the F1 Car.

Yours Sincerely,

Thomas Dufty
Team Manager

THIS CERTIFICATE OF APPRECIATION HAS BEEN AWARDED TO

Wild Digital

FOR ASSISTING THE STUDENTS OF MARIST COLLEGE CANBERRA TO ACHIEVE THEIR GOALS IN THE FI IN SCHOOLS DESIGN INNOVATION CHALLENGE 2008.

Terminal Velocity – Best Marketing
ACT Regional Final, October 2008

Elite Racing Team – Best Engineered Design
National Final, November 2008

The teams and their teacher Mr Nathan Ahearn, could not have achieved success without the commitment and professionalism provided by our Industry Links and Sponsors. We extend special thanks to those who gave their own personal time to this project and look forward to continuing the partnership in 2009.

Awarded by

A handwritten signature in black ink, appearing to read 'R. Sidorko'.
