# Wild DIGITAL

ENTRY-LEVEL ROLLUP

It may be entry level, but this rollup stand doesn't skimp on features or quality. The stand hardware is lightweight extruded aluminium with all of the aesthetic presence of its more upmarket cousins.

The graphic is printed directly onto a synthetic substrate with UV resistant inks guaranteed to resist fading from direct sunlight. Due to the robustness of the print and substrate, lamination isn't required which reduces both the cost and the environmental impact.

ENTRY-LEVEL ROLLUP
A cost effective choice.

$195 inc GST
Valid to 30/06/2012
